New restrictions are now in place, with schools and churches closed, movement between districts prohibited, and work places needing to have at least 70% of staff working away from the office. We are doing our best to keep our projects going while not placing our team members at unnecessary risk. Pray for our staff who are on the front line, particularly those installing handwashing stations in public places and those teaching community members about the importance of hand-washing and other good hygiene and sanitation practices. With all of our love from Tred and Kristin https://www.prayercast.com/uganda.html	28 TURKEY: As the Turkish lira plunges in value, economic turmoil combined with rising Covid cases, has left many people facing a devastating and difficult future. Pray for those who find themselves in a place of darkness and despair; that they will recognise that God loves them and is alongside them in their hardships and struggles. Pray for Christians in Turkey following an increase in attacks on church buildings and threats against Christians and minorities.	2 LONELINESS: Pray for those who are isolated and alone at the moment Pray too, for those who are around people but are feeling a deep loneliness. Please pray that God would surround them with His presence, that they would know that He is with them and He is not distant. Spend some time today asking God to show you those around you who may be struggling with loneliness, and get in contact with them today.
